

Anugrah Prima Pratama

AI-native Web Developer

Pekanbaru, Riau, Indonesia | +62 813-7401-8239 | primaamk99@gmail.com
anugrah-prima-pratama.vercel.app | linkedin.com/in/anugrahprimapratama | github.com/PisangTerbang

AI-native web developer and cum laude Informatics graduate from Universitas Islam Indonesia (GPA 3.64/4.00). I build web applications end to end, from PostgreSQL database design to dashboards, with AI coding agents in my everyday workflow: I set the direction, review what the AI writes, and test it until it works. My thesis system is published in Jurnal EDUSAINTEK. Detail-oriented, a fast learner, and at ease in a team. Looking for a fresh-graduate role as a Software Engineer or Data Analyst.

Education

Universitas Islam Indonesia · Yogyakarta — Sep 2022 – Jul 2026
Bachelor of Informatics, GPA 3.64/4.00, cum laude

Projects

Tiered Thesis Title Approval System · Thesis, full-stack — 2026
Laravel 12, PHP 8.2, PostgreSQL (Supabase), Blade, Tailwind CSS, Alpine.js, Chart.js

- Built end to end a web app for thesis title submissions and multi-stage approvals, with sign-in and access control for five user roles and chart dashboards.
- Designed the database and flow with Rapid Application Development (RAD), worked with AI coding tools in the loop, and published the work in Jurnal EDUSAINTEK.

Ratatouille, Restaurant Information System · Team capstone, Informatics Expo — 2024
HTML, CSS, JavaScript, PHP, Kanban

- Frontend developer in a team of five: built a responsive interface plus the sign-up, reservation, and ordering features of a system that also covers auth, CRUD, an admin dashboard, sales statistics, and an LLM chatbot.

Kost Putra Pendekar Landing Page · Personal project, live on Vercel — 2026
Next.js, React, Tailwind CSS, Motion

- Built and deployed a promo site with facilities, photo gallery, pricing, FAQ, Google Maps, and WhatsApp contact.

Personal Portfolio · anugrah-prima-pratama.vercel.app — 2026
Next.js 16, React 19, TypeScript, Tailwind CSS 4

- Built AI-native by directing an AI coding agent from design to deployment; redeploys automatically from GitHub.

SmartCycle and Informatics Expo projects · UI/UX, Java, Android — 2022 – 2024

- SmartCycle: a recycling app designed in Figma and evaluated with a user survey.
- Informatics Expo: an Android cleanliness app (2024), a Java app routing surplus food to NGOs (2023), and a UI/UX design in Figma (2022).

Organizational Experience

PORSEMATIK · Universitas Islam Indonesia, Yogyakarta — Nov 2023 – Dec 2023
Security Division Staff, annual Informatics sports event: kept the event safe and orderly, coordinating with other divisions.

INPUT · Kaliurang, Yogyakarta — Nov 2024 – Dec 2024
Equipment Division Staff, new-student orientation: prepared and managed equipment for every session with other divisions.

Skills

AI-native development: AI coding agents (Claude Code), vibe coding, prompts and specs, reviewing and testing AI-written code.

Web: HTML, CSS, JavaScript, PHP, Laravel, Blade, Tailwind CSS, Alpine.js, React, Next.js, full-stack web development.

Data: PostgreSQL and SQL (basic), database design, data visualization (Chart.js), Microsoft Excel and Google Sheets (beginner to intermediate).

Other: Java, Android Studio, UI/UX design in Figma, basic cybersecurity (vulnerability and risk assessment, network and system security, incident response).

Languages and soft skills: Indonesian (fluent), English (passive, CEPT 513); attention to detail, teamwork, problem solving, eagerness to learn.

Achievements and Publication

- **Rector's Letter of Commendation**, Universitas Islam Indonesia (2026), as a cum laude Informatics graduate, Period I, academic year 2026/2027.
- **CEPT**, CILACS UII (April 2026): score 513, valid for two years. **Junior Cybersecurity Analyst Career Path**, Cisco Networking Academy (January 2025).
- **Publication:** Pratama, A., & Mulyati, S. (2026). Perancangan Sistem Informasi Penetapan Judul Tugas Akhir Berjenjang Berbasis Web dengan RAD. *Jurnal EDUSAINTEK*, 13(1). doi.org/10.47668/edusaintek.v13i1.2286
